Healthcare Simulation Program

Are you interested in developing the academic and technical skills necessary to respond to a real-life medical scenario?

Would you like to learn and practice those skills at Long Beach Memorial’s Simulation Lab?

Course Details:

Course Credit:
This is 2.5 Credit Class

Course Length: 6 weeks
June 25 - July 30
Every Thursday

Course Schedule
1 day each week
7 hours/day
Thursdays: 11:30 am-6:30 pm

Locations:
Pacific gateway
3447 Atlantic Ave
Long Beach CA, 90807

Long Beach Memorial Simulation Lab
2625 Pasadena Ave.
Long Beach

(lunch will be provided)

Consider this:

➢ A young man is injured in an automobile accident:
What would you do if you were working in an emergency room receiving and treating this accident victim? What healthcare professionals are needed to save his life?

➢ During the simulation scenario you will follow the simulation patient through the many stages of medical treatment he receives at the “state of the art” Memorial Hospital Simulation Lab.

Enrollment Eligibility:

➢ Current Juniors (class of 2016) enrolled in a medical related SLC. (Sophomores (class of 2017) enrolled in a medical related SLC and juniors not in a medical SLC will be considered if space is available).

➢ Taken Medical Terminology and/or Human Anatomy & Physiology

➢ Have a 3.0 GPA

➢ Graduates of 2015 are no longer eligible for this program

How to apply:

1) Request an application by email from: Cbater@lbschools.net, your teacher, or SLC Coordinator

2) Complete the Application, including parent consent form

3) Return the application by email to: Cbater@lbschools.net

4) Deadline to submit your completed application is June 5, 2015.

Please Note:

Please make sure, when completing your application, that you thoroughly answer each question. All applications received by the deadline will be considered, and students will be selected based upon a review of individual application content.
