2016 High School Internships at the Orange County Register

At the Orange County Register, we help prepare the best and brightest students with a foundation of skills that will enhance their careers. As a Register Intern, you have the opportunity to work for an industry leader in media, while receiving hands-on training and a chance to make a lasting impact.

Our internship programs will provide you with a career development opportunity that promises professional growth. You will work in an engaging environment that exposes you to real world challenge with a mentor who will guide your development and serve as a trusted source of information and insight.

The Orange County Register has a number of internships across the county in all areas of the media business including advertising sales, marketing, reporting, copy-editing, page design, graphic arts and photography. We offer both paid and for-credit internships throughout the year. The internship positions, dates, application deadlines and requirements are different depending on the position so please check out our postings to learn more.

To apply for a summer high school internship at the Orange County Register, you must be taking a journalism course or courses in high school. If your school has a student newspaper or similar publication, you must be a reporter or editor for this publication.

To apply, email Steve Green a cover letter, resume, latest transcript showing your grades, letter of recommendation from a journalism teacher and copies of three of your published stories.

Be advised that these internships are very competitive. We anticipate just 20 percent of applicants will be offered internships.

The email address is: sgreen@ocregister.com

The application deadline is May 1, 2016
