Dear Merchant and Supporters,

The California Academy of Mathematics and Science (CAMS) is a comprehensive public, four-year high school located on the campus of California State University, Dominguez Hills (CSUDH) serving a diverse student body of 605 students.

CAMS’ mission is to increase the nation’s pool of graduates in mathematics and science by offering an intensive college preparatory education to motivated high school students. CAMS enrolls students from its eleven school-district consortium, which encompasses more than six hundred and twenty-five square miles of highly urbanized Southern California. CAMS attendance boundaries cross all racial and ethnic neighborhoods, as well as social and economic ones.

The parents of CAMS would like to honor our dedicated teachers and staff at an Appreciation Luncheon in May. We are writing to you to request donations to be used as door prizes for the event. Donations may be in the form of merchandise or gift certificates.
